DETAILED ACTION

Remarks

1. Applicant's election with traverse of Group I (claims 1-21 and 34-41) in the reply filed on 12/17/04 is acknowledged. However, with further consideration of Group I (claims 1-21 and 34-41) another restriction (election) is required. Applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-8, drawn to semiconductor varactors, classified in class 357, subclass 14.
- II. Claims 9-21 and 34-41, drawn to apparatus and method of tunable oscillator, classified in class 331, subclass 34.

The inventions are distinct, each from the other because of the following reasons:

Inventions Group I and Group II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions/effects: the invention Group I leads to a physical structure of a varactor while the invention Group II leads to a circuit configuration of an oscillator.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 2821

3. A telephone call was made to Mr. Naim Shichrur on 02/10/2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
